All group members have agreed to respond to both Discord and Facebook Messenger messages within 24 hours. All members agree that responses must be meaningful and relevant to any question asked.

Date	Activity	Comment
Mar 14th	Sequence Diagram Revisement	After receiving the Iteration 2 feedback, the team met up the same night to revise the materials which required improvement.
Mar 15th	Due Date Extension	The team pushed due dates back in order to match the new extension, so more time is given to create better deliverables.
Mar 16th	Additional Team meeting	Team met up to review Sequence Diagram designs in order to develop questions to propose to Professor Hatcher. Also updated the Communication and Progress Logs, and the team assisted each other with the code of the minor release.
Mar 17th	Meeting with Professor Hatcher	Professor Hatcher revised Iteration 2's Sequence Diagrams with us and overall concepts we were misunderstanding.
Mar 18th	Additional meeting	Ridwan and Chris got in a call to finalize the Sequence Diagrams and Logical Architecture Diagrams both of them had been working on.
